Welcome

Meet the international capital market in Paris in 2023.

Following the success of ICMA's Annual General Meeting (AGM) & Conference in Vienna, in June 2022, we are pleased to announce that the next AGM and annual conference will take us to Paris in May 2023.

With influential speakers from governments, regulatory authorities, central banks and financial institutions, the event regularly attracts a large audience of market participants from ICMA's international membership and the wider financial community.

ICMA promotes well-functioning cross-border capital markets, which are essential to fund sustainable economic growth. It is a not-for-profit membership association with offices in Zurich, London, Paris, Brussels and Hong Kong, serving more than 615 member firms in 65 jurisdictions. It provides industry-driven standards and recommendations, prioritising three core fixed income market areas: primary, secondary, repo and collateral, with cross-cutting themes of sustainable finance and fintech. ICMA works with regulatory and governmental authorities, helping to ensure that financial regulation supports stable and efficient capital markets.
